

Benefits of being a member of AWWN

Why should I become a member of AWWN?

When you become a member of the Animal Welfare Network Wales (AWNW) your organisation gains full access to the website giving you complete involvement in everything we do. You get to engage fully with other members and contribute to the direction of the organisation. You can also get directly involved in AWWN Events and contribute to reports and consultations.

What does the Annual Charge pay for?

AWNW is a not for profit organisation. The £75 Annual Charge was agreed upon at the AGM to cover the costs of the website and to contribute in a small way to the work that we do. It also encourages our members to actively participate in our work.

Most of the work the network undertakes is paid for by direct funding from the Animal Welfare Groups involved and through grant funding.

What will we get out of membership?

Joining the AWWN will give your organisation the chance to:

- Be a part of a large influential group
- Have your voice heard on the future of Animal Welfare in Wales
- Have close communication with other groups
- Take an active part in AWWN projects
- Attend the AGM to decide the future aims of the group

So get involved in the AWWN and make a difference to the future of Animals in Wales.
